

# **DISCIPLESHIP**

- **To believe in Jesus is to be a disciple.**
- **Discipleship is to the Christian life what childhood and adolescence are to human maturing.**
- **Discipleship is the period when Christian believers learn fully what following Jesus Christ means.**

# STEWARDSHIP

- In its fullest sense, stewardship is the way we manage all the resources and gifts given to us by God.
- If discipleship is learning, stewardship is doing.
- “There are so many talents which are committed to our trust . . . we have the use of all these; but as stewards, not as proprietors.”

— *John Wesley*

# **FELLOWSHIP**

- **Fellowship is where faith moves from concept to practice.**
- **Fellowship is where the abstract and the concrete meet.**
- **Fellowship is where Christians gain identity, clarify the mission, and focus on the vision.**
